

28 July 1964

STATINTL

I wish to acknowledge receipt of your letter dated 15 July 1964 concerning the additional costs covering the vacuum pump and refinishing the easel top for the Model PD 1304, 3x to 12x Enlarger.

STATINTL

In order that this amount of money can be justified for the cost of modifications listed in your letter to [REDACTED] dated 8 April 1964 for [REDACTED] and your latest letter for [REDACTED] it will be necessary for you to prepare a breakdown of the [REDACTED] total cost of the contract. This breakdown should show rates for supervision, design time, layout, engineering service, machine time, overhead, materials, profit, etc., and should generally follow the cost breakdown as given in your letter of 19 July 1963. All rates will have to be approved by the Office of Logistics before the contract can be negotiated.

Sincerely yours,

TINTL
